The Green Gold

Among the most famous status symbols of the Italian culture and lifestyle, this is an experience for those who want to understand and discover what's behind the ancient history and the modern production of the renowned Extra Virgin Olive Oil. You will join a full licence environmental local tour guide to hike among hills, nature, history and silvery olive groves to discover many things.

Part of the walk will take place in the famous "Via Francigena", one of the oldest and the most popular pilgrim itineraries in Europe, an ancient road running from England to Italy. When the hike is over you'll visit a family-run olive oil mill with nearly half century of experience to see how they produce olive oil and taste their "Green Gold" with fresh bread handmade in San Miniato.
