

## SAN MINIATO EXPERIENCE

### Taddei Bike Rentals & Tours

## Bike Rental

We offer a bike rental service for a variety of two-wheel experiences. You can select from a variety of models to experience exciting outdoor adventures: from a fast **E-Bike** for assisted pedalling, to adventurous trails to explore on a **Mountain Bike**, to the dirt roads of the hill ridges with the handy **Gravel**, and even for sporty rides with a **road bike**.

Each excursion can be organised with the accompaniment of an **expert guide of the area**, to discover not only the natural and cultural beauty of the hills, but also the breathtaking views of San Miniato. The tour departs from the suggestive Piazza del Seminario, at the shop where you can pick up your bicycles.

To maximise your comfort, a **delivery service** is also available that will allow you to find the bicycles directly at your accommodation, so you can start your adventure comfortably and without stress.

2 - 10 people
